EXAMINER'S REASONS FOR ALLOWANCE

1). The following is an examiner's statement of reasons for allowance:

- The instant application is deemed to be a non-obvious improvement of inventions patented in U.S. Patent Numbers 4,574,335, 4,686,770, and 6,336,285. The improvement is for an elevation adjustable firearm front sight with user changeable sighting element on a firearm front sight base, comprising a rotatable front sight base adapted to be rotatably secured to the said firearm front base, the said rotatable front sight being adapted to provide elevational adjustment for the said user changeable sighting element and having threaded portion sized and shaped to be rotatably secured to a portion of the said front sight base, and a front sight mounting member movably secured to a portion of the said rotatable front sight base, and the said front sight mounting member being rotatable independently of the said rotatable front sight base and having a plurality of sighting elements adapted to be selected and positioned for use by the user of the said firearm sight.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
